PRESS RELEASE

COREHIVE COMPUTING EXHIBITING AT SC25 HPC CONFERENCE

Clarksburg, Maryland, November 5, 2025 – CoreHive Computing LLC, a technology consulting and solution provider, is pleased to announce they will be exhibiting at Supercomputing 2025 (SC25). SC25 is the International Conference for High Performance Computing, Networking, Storage, and Analysis and is being held at America's Center in St. Louis, MO from November 16-21. CoreHive will be exhibiting in Booth #4004.

CoreHive Computing aims to deliver innovative solutions that boost organizational productivity, strengthen client relationships, and maximize returns on technology investments. CoreHive is a certified SBE/DBE/MBE and holds a GSA Schedule 70 MAS Contract. Their primary services include HPC Petascale deployments, IT managed services, cloud application services, and they have deployed and managed large, mission-critical supercomputers in the United States.

Madhu Konidena, President of CoreHive Computing said, "The Supercomputing Conference plays a significant role in the HPC community globally. It is a premier event with workshops, speakers, and exhibits, all providing attendees with access to the latest HPC information, education, and technologies. It is also a great way to network with industry colleagues, and we look forward to all that the conference has to offer this year in St. Louis."

Konidena added, “CoreHive’s key differentiators are expertise, experience, and knowledge which enable us to handle even the most complex HPC challenges. We bring exceptional value to our clients by being agile and anticipating changes in their evolving technological environments. At CoreHive, our commitment is to exceed our customer’s expectations and build long term, mutually beneficial relationships.”

ABOUT COREHIVE COMPUTING LLC

Founded in 2003, CoreHive Computing is a technology consulting and solution provider offering IT consulting, technical support, service desk, high-performance computing (HPC) services, cloud services, and managed services to private and public clients. We leverage our technical experience and expertise to provide our clients with integrated, solutions-based services to meet their current and future technology challenges. Visit CoreHive Computing’s website at <http://www.corehive.com> or contact CoreHive Computing at (866) 951-7378 for more information about our company, products and services.
